EDUCATION

Bachelor of Technology, Electronics
And Biomedical Engineering
Model Engineering College , Cochin,
Kerala ,India
June 2020

- Acquired technical knowledge in Signal processing, Image processing, working of different Medical Instruments in the market.
- Acquired practical knowledge in programming languages like Matlab, c, c++, python etc. during the course period

LANGUAGES

English

Bilingual or Proficient (C2)

ATHUL K S

PROFESSIONAL SUMMARY

Senior Java Developer with **5+ years** of hands-on experience in **Java 8–20**, **Spring Boot**, and **Quarkus**. Proven ability in developing scalable microservices, integrating big data frameworks like Spark, and deploying solutions in **Azure cloud (AKS, ADF, Databricks)**. Adept at leading agile teams, implementing **CI/CD pipelines**, and delivering enterprise-grade applications in life sciences and product engineering domains.

SKILLS

- **Languages:** Java (8–20), Python, JavaScript, TypeScript
- **DevOps & Tools:** Docker, AKS, Azure DevOps, Maven, GitHub Actions, Bash
- **Other:** Keycloak (OIDC), Linux, Agile
- **Frameworks & Libraries:** Spring Boot, Quarkus, Lagom, Angular, gRPC, JUnit, Mockito
- **Cloud & Data:** Azure Cloud, Databricks, Spark, ADF, PostgreSQL, MongoDB

WORK HISTORY

September 2025 - Current

Zifo - Senior Consultant, Frankfurt Am Main, Germany

- Modernized pharmaceutical quality control by translating customer needs into scalable digital solutions.
- Integrated Java-based platforms and AI models to improve data accuracy, automate testing, and ensure compliance.
- Led client workshops to identify pain points, define goals, and implement actionable strategies.

April 2025 - September 2025

Zifo - Tech Solutions Specialist, Chennai, India

- Focus on designing and implementing technology-driven solutions that streamline and accelerate scientific workflows.
- Responsibilities include building scalable web platforms, managing data migration, optimizing lab informatics, and integrating Generative

April 2023 - March 2025

Zifo - Senior Programmer Analyst, Chennai, India

- Led development of a lab informatics product using **Java**, **Angular**, and **microservices**.
- Designed **CI/CD** pipelines for **Databricks** and **ADF** using **Azure DevOps**, reducing deployment time by 40%.
- Managed a team of 4 developers, conducted **code reviews**, and maintained high coding standards.
- Worked on **Linux** VM for hosting self-hosted agents and implemented continuous deployment strategies.

December 2021 - March 2023

Zifo - Programmer Analyst, Chennai , India

- Built secure systems using **Keycloak** **OIDC** integrations.
- Developed scalable **system architecture** for high-availability applications.
- Wrote test-driven code using **JUnit** and built **backend** and **frontend** features for lab automation products.

August 2020 - November 2021

Zifo - Associate Analyst, Chennai, India

- Designed and maintained **RESTful APIs** using **Java** and **Quarkus**.
- Collaborated across teams using **gRPC** and Keycloak for secure integrations.
